

Airlines in Peru

September 2023

Table of Contents

KEY DATA FINDINGS

2023 DEVELOPMENTS

Passenger flow by air significantly grows thanks to higher demand and increased airline activity, but yet to reach pre-pandemic levels
Low cost carriers continue to grow and contribute to shift towards more practical and simple style of travel

PROSPECTS AND OPPORTUNITIES

Expansion of Jorge Chávez International Airport - Lima expected to be operational in 2025, which will favour a greater flow of tourists
Airport expansion, better airport management, social stability, and coping with potential regulatory changes could contribute to better performance

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.

- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
