Today 2022: Childless households and single living are increasing in Thailand

While household size is decreasing, Thais seek to live in larger more spacious homes

Property location plays an increasing role in homebuyers' decision-making process

Tomorrow 2040: Thais are having fewer children, while older population keeps on growing

Older men will remain the key household decision makers

Thai consumers are rapidly adopting online tools

Areas of opportunity

Central Retail teams with Zipmex to enter the metaverse

INCOME AND EXPENDITURE

Today 2022: Middle class is developing, but social classes D and E remain predominant

Most vulnerable groups hit hard by the cost of living pressure in Thailand

Baby Boomers demonstrate the highest intention to spend more in the near future

Tomorrow 2040: Middle class expands, but social classes D and E will remain predominant

Tomorrow 2040: Thais aged 30-40 will shape consumer market trends in the country

Tomorrow 2040: Bangkok is the key consumer market, while tourist areas will see expansion

Areas of opportunity

Salary Hero works with companies to provide lower income workers with financial flexibility

LIFESTYLES

Key findings of the consumer survey

Baby Boomers have a more positive outlook on their future

Thai consumers are somewhat concerned about their finances, relying on support and credit

Almost two thirds of Thais are concerned about the climate change

Despite declining popularity over time, having job security remains the top priority for Thais

Thais value quality over quantity and are trying to lead minimalistic lifestyle

Areas of opportunity

Dole aims to resolve problem of food waste by repurposing discarded fruit and vegetables

CONCLUSION

Key findings

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research

spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
